TEACHING

COURSES TAUGHT AS PRIMARY INSTRUCTOR

GRADUATE COURSES TAUGHT

Mel & Enid Zuckerman College of Public Health
University of Arizona, Tucson, AZ

2014-Spring 2023 Applied Aspects of Program Planning, Implementation and Evaluation: 4-unit lecture., I have taught over 10 in-person sections of this course over the past nine years with an average enrollment of 12-21 students. Applied research and program development course where students are paired with community coalitions and organizations to conduct a community assessment and develop program and evaluation plans. I updated and reorganized an existing course.

UNDERGRADUATE COURSES TAUGHT

Mel & Enid Zuckerman College of Public Health
University of Arizona, Tucson, AZ

Spring 2023-ongoing Special Topics in Public Health – Course-based undergraduate Research Experience (CUREs) entitled Immersive Experiences in Women’s Health Research: 3-unit colloquium, for public health majors, course-based undergraduate research experience. I collaborated on the development of this new course and the process of transitioning the course from a special topics course to permanent course at the University of Arizona.

- 2014-ongoing Health Disparities & Minority Health: 3-unit lecture, general education course, have taught over sections of this course over the past seven years both in person and online. Adapted HPS 387 Minority Health and Health disparities from a course taught once a year to a course in four different formats/ modalities offered five times a year with a total enrollment of all sections combined of 500-700 students a year. I updated and revised the original in person course, developed two online asynchronous versions of the course. I adapted the course for a new General Education Format and created a permanent Honors Section.
- 2020-ongoing HOPE Summer Bridge Program: Teach a three-unit course and Mentor transfer and first-generation students from historically marginalized communities. The course is funded through a HRSA grant designed to improve graduation rates and entry into graduate programs in health sciences for student participants. I adapted HPS 387 for this summer course.
- 2015-2020 Introduction to Public Health: 3-unit lecture, general education course, taught six in-person courses over five years Approximately 100 students per year.
- Fall 2009-2014 Clinical Lecturer
