

The James E. Dalen, MD, MPH  
Distinguished Visiting Professor  
Lecture Series  
*Inaugural Lecture*

Please join renowned health policy scholar  
and former Minister of Health of Mexico

## Julio Frenk, MD, MPH, PhD

who will speak on

### **“Globalization and Health: Risks and Opportunities On Our Common Border”**

Dr. Julio Frenk served as Minister of Health of Mexico from 2000 to 2006. His administration was involved in an ambitious effort to provide universal health insurance. Dr. Frenk currently divides his time between Seattle and Mexico City. In Seattle, he serves as Senior Fellow at the Global Health Program of the Bill and Melinda Gates Foundation and is also the Chairman of the Board of the Institute for Health Metrics and Evaluation at the University of Washington. In Mexico City, he is the President of the CARSO Health Institute, a new foundation focusing on health-systems innovations in Latin America.

Prior to joining the Mexican government, Dr. Frenk held positions as executive director of evidence and information policy at the World Health Organization (WHO), executive vice president of the Mexican Health Foundation, and founding director-general of Mexico's National Institute of Public Health.

Dr. Frenk obtained his medical degree from the National University of Mexico in 1979. He also holds a Ph.D. in medical care organization and sociology, a Master of Public Health degree, and a Master of Arts degree in sociology from the University of Michigan.

#### *About this lecture series:*

To honor **Dr. James E. Dalen's** countless lifelong contributions to the advancement of The University of Arizona and his key role in establishing The University of Arizona's Mel and Enid Zuckerman College of Public Health, the College is establishing an endowment in his name entitled “The James E. Dalen Endowment for Public Health Policy.” This endowment supports the new James E. Dalen, MD, MPH Distinguished Visiting Professor Lecture Series in which distinguished scholars such as Dr. Frenk offer lectures and discussions to our campus community and to the public on local, state, national and international health policy issues. These lectures help connect the academic world with the “real world” of public health.
