### IMPORTANT GUIDELINES

**Bolded courses in first fall semester indicate essential courses for the student to take that semester.**

* MPH required core courses are offered fall & spring semesters, allowing flexibility. The modality and number of offerings may vary by semester and are subject to change. All five 3-unit Core Courses must be complete prior to the student’s final term in the program.

**Prerequisites for BIOS 909 – Master’s Report “Internship”**: At least 3 MPH core courses and BIOS 576A and BIOS 576B. BIOS 909 may be taken in one or more semesters and the credits may be split across semesters. Final report cannot be submitted until all five 3-unit core courses have been completed.

¹ BIOS 576C and BIOS 576D are only offered in the Fall Semester.

² BIOS 647 is only offered in the Spring Semester.
