PHP 909 **	Master's Report "Internship" (3)	PHPM 608A ¹	Public Health Law & Ethics (3)
		PHP 909 **	Master's Report "Internship" (2)
<u>IMPORTANT GUIDELINES</u>			
Bolded courses in first fall semester indicate essential courses for the student to take that semester.			
* MPH required core courses are offered fall & spring semesters, allowing flexibility. The modality and number of offerings may vary by semester and are subject to change. All five 3-unit Core Courses must be complete prior to the student's final term in the program.			
** Prerequisites for PHP 909 – Master's Report "Internship": At least 3 MPH core courses (which must include BIOS 576A or EPID 573A).			
¹ This course is only offered in this specific semester (e.g. Fall or Spring).			
² Online option of this course only available in this specific semester (e.g. Fall or Spring).			
³ PHP 641 is an accelerated course for the first half of the spring semester. PHPM 574 Online is typically available as an accelerated option for the second half of the spring semester.			
Main Campus students: This course sequencing utilizes many online core courses. If you want to maximize your in-person coursework, please contact your MPH Coordinator to discuss alternate options.
