

Public Health Minor Information

The [minor in public health](#) for undergraduate students is a great opportunity to infuse public health, community health, and other integral health concepts into a student's curriculum. This foundational knowledge will inform a range of career paths from community health work to disease prevention and medicine. Bring the power of public health to your path forward!

A minimum of 18 units are required for the undergraduate minor in Public Health.

Important notes:

- Some elective courses have prerequisites for enrollment. Please check the [Schedule of Classes](#) for prerequisite information and/or with your [Public Health advisor](#) to determine eligibility.
- Not all elective courses are available on each campus (Main and/or Arizona Online). Please consult the [Schedule of Classes](#) for your desired campus every term to determine availability.
- 400-level elective courses will require your Public Health Academic Advisor to process enrollment. Please [reach out](#) during registration if you wish to add a 400-level course listed.

Required Public Health Minor courses:

Course	Description	Units
HPS 178	Personal Health and Wellness	3.00
HPS 200	Introduction to Public Health	3.00
